

TABLE OF CONTENTS:

Introduction	13
BASICS.....	15
System characteristics	17
Origin	17
Supported hardware	17
Relation with the Amiga computers	19
Multitasking	19
Communication between programs	20
User interface	20
Compatibility	20
Graphical user interface	22
Screen	23
Window	24
Icon	28
Pull-down menu	31
Context menu	37
Buttons	39
Text fields	41
Selection windows	42
Sliders and scroll buttons	47
List	48
Progress bar	49
Keyboard shortcuts	50
Online help	51

Drag & Drop feature 51

Installer 52

FIRST STEPS 55

System booting 57

Hard disk installation..... 63

System update 73

System registration 75

AMBIENT 79

Basic operations 81

Project icon 108

Tool icon 114

Context menu 117

Searching the disk 120

Clipboard 122

DATA FORMATS 125

Reading files 127

Multiview 130

Window construction 131

Loading files 132

Changing the text coding standard 133

Searching the text 133

Bookmarks 136

Reading graphics parameters 138

Drag & Drop operations 143

Changing text font	143
Changing text colours	146
Underlining links	148
Browsing files in directory window	149
DESKTOP CONFIGURATION	153
Basic settings	155
Changing desktop background	156
Changing window background	163
Changing icons appearance	165
Icon highlighting	169
My MorphOS	171
Keyboard shortcuts	173
Bookmarks	175
Default icons	180
Fixing icon positions	182
SYSTEM CONFIGURATION	185
Screen	190
Changing screen mode	190
Changing window style	195
Changing screen parameters	196

Changing system fonts	206

- Anty-aliasing 209
- Sound 211
- Volume control 211
- Changing audio parameters 213
- Music unit 216
- Audio redirection 218
- Audio notifications 219
- Network 224
- Reading driver information 225
- Wire connection 226
- Wireless connection 229
- Adding a new device 233
- USB 236
- Device recognition 236
- Changing parameters 238
- Disabling notifications 241
- Displaying the device list 242
- Troubleshooting 248
- Localization 250
- Setting the language version 250
- Setting the time zone 252
- Time synchronization 253
- Keyboard 256
- Keyboard testing 257

Changing the keyboard map	258
Keys autorepeat	259
Fonts codepage	260
Mouse and touchpad	262
SYSTEM DISK	267
„SYS:” device	269
„MOSSYS:” device	269
Data storage structure	270
Environment	277
PANELS	279
Creating a new panel	283
Changing program icon	288
Additional features	290
BOOT SECTOR	293
Rigid Disk Block	295
Startup sequence	297
Boot menu	301
Emergency boot	301
Changing boot device	302
Reading hardware information	307
Changing screen mode	310
Turing off the computer	312
AMBIENT SHELL	315
Displaying directories contents	325

Displaying files contents	358
Creating new directories	365
Creating text files	368
Renaming files and directories	370
Copying and moving data	373
Deleting files and directories	387
Joining files	392
Changing the attributes of files and directories	393
Changing the date and time of creation or modification	400
Adding comments	405
Changing prompt	409
Setting the date and time	413
Checking files version	415
Checking files checksum	423
Checking the version of devices and file systems	424
Lauching programs	425
Displaying information about the computer	427
Display information about the contents of the memory	442
Replacing command names	446
Changing the coding for text files	454
Creating logical devices	456
Mounting devices	464
Modification of device buffers	467
Mathematical operations	468

Logic functions 469
Restarting 472
Environment variables 473
CREATING SHELL SCRIPTS 479
APPENDIX 491
Index: Most important „Shell” commands 493
